

# MTATA/GYC-CC

Cut & Abrasion Resistance

## APPLICATIONS

Metal Fabrication  
Aerospace  
Glass Handling  
Automotive  
Public Utilities  
Paper Manufacturing  
Plastics and Molding  
Public Utilities  
Construction

## FEATURES

Worldwide Protective Products style MTATA/GY-CC is a 24 oz. loop-out terry constructed from ATA® and heather gray cotton fibers. ANSI level A4 cut protection makes this glove a great choice for heavy-duty applications. The seamless construction gives a sure fit and the continuous cuff keeps out debris and adds comfort and safety. The darker appearance hides dirt and soiling, providing extended product life. 100% made in the USA.
